

4 VOLUNTEER NEWSLETTER

JULY 2025

4TH OF JULY

CHANGES & FEEDBACK

We've implemented our new volunteer management system!

Changes include: a volunteer tablet for signing in/out and alphabetized name tags located in the pink bins on the volunteer area shelf. Instructions can be found on the whiteboard above the new volunteer tablet

This will mainly impact the Sedro location, but volunteers for remote distributions are encouraged to sign in on the sheets provided by staff.

Volunteer hours are a valuable contribution to our organization. Accurate tracking is important for our taxes, writing grants, and ensuring volunteer safety in an emergency.

Your input is important to us - please take a moment to fill out this feedback survey so that we can continue to better serve your needs

Thank you to everyone who participated in the 4th of July parade with us!

In June Volunteers served

15,900 +
participants
across **6** locations

8,500 +
households

Volunteer Impact Story.

Erma Anderson
New Volunteer

“ [Volunteering at Helping Hands] is more than just handing out food; it’s about connecting with people and realizing how strong and resilient our community is. Knowing I’m helping to ease some of the hunger and hardship around us is incredibly rewarding.”

“It’s a really positive group [of volunteers]. That sense of positive support and direction is what makes it satisfying to keep showing up to help and be part of an organization that helps the people of Skagit County.”
